Dennis, Christine:

We've got lots of conversations in various cubicles occurring around details on Oregon CZARA disapproval sequence, so I thought we should write down one trajectory that reflects my understanding of what Dennis and I have been discussing. Dennis and Christine, please have a look to verify and then we can send to the larger DC group for purposes of grounding our discussions tomorrow with some specifics. If OK, with or without edits, then we can send to the DC participants and all get squared away efficiently.

Thanks,

WS
